*The timeless elegance
of Italian design*

NATURAL LIME DECORATIVE WALL FINISHES: sustainable elegance with natural wall finishes

Rialto's constant research on technologies and materials has developed a wide choice of products, ideal for all types of architecture:

- » finishes based on seasoned slaked lime,
- » traditional lime plasters,
- » decorative lime finishes, such as the marmorino and the travertine effect,
- » venetian plasters,
- » metallic stuccoes (gold and silver),
- » decorative Italian paints,
- » and a specialised range of siloxane and high-performance coatings.

RIALTO HAS BEEN PRODUCING NATURAL WALL COATINGS IN ITALY FOR OVER 50 YEARS

Rialto has been producing natural wall coatings in Italy for over 50 years, exported and appreciated all over the world. **Rialto** can also provide technical solutions for architects and organisations involved in the conservation and protection of the architectural heritage, international workshops and video training courses.

LIME PRODUCTS ARE ECO-FRIENDLY NATURAL WALL FINISHES

Rialto lime products are eco-friendly natural wall paints and plasters based on a magnesian slaked lime seasoned for at least 24 months. This process allows **Rialto** to offer unique natural sustainable wall finishes and solutions of great aesthetic value. **Rialto** lime products are used in the construction of new innovative green buildings that comply with the requirements of bio-architecture and on the restoration of historic buildings. They follow traditional procedures and recipes using the best Italian natural raw materials such as pure white Carrara marble.

RIALTO TINTING SYSTEM INTEGRATES THE RANGE OF PRODUCTS AND BASES

Rialto tinting system integrates the range of products, bases, tintable basecoats and protective components of the technical cycles with a series of extremely powerful colour tools and colour collections, colour charts and colour fan decks for the colour choice of end users, architects and designers. The system is composed by a complete range of colouring pastes, a multitude of colour formulations for all products in the **Rialto** range managed by an advanced user-friendly colour management software.

The system offers the possibility of controlling costs of colorants of each colour formulation and is connected to modern and advanced tinting machines. A team of colourists in the customer service technical department supports and assists distributors through an on line service.

Rialto is a brand of Covema Vernici

Covema Group is formed by eight Italian brands that operate in the décor business, with different specialisations.

The **Covema Group** headquarters is based in Druento, Torino, connected to the factory where the different lines of products are manufactured using renewable energy produced autonomously. The **Rialto** team is based in the business unit of Trieste where the group's export department, a distribution center, a training academy, a colour lab, a technical office and a showroom are based.

Rialto products: elegance and sophistication

Rialto products bring the elegance and sophistication of Italian design to the world of architectural coatings. The Group collaborates continuously with Architects, Interior Designers, Distributors and Trend Setters to keep the collections' colour ranges up to date and on trend, and to provide a series of cutting-edge tools that present the new colours on the market.

Covema Vernici SpA, was founded in 1962 in Torino, Italy and today the group has become one of the leading companies in the Italian decorative and professional paint industry with specialised product lines and brands focused on wall surfaces decoration and protection and decorative flooring systems, for the professional market, the DIY market and retail market.

Covema Group's brands are: **Covema Vernici, Sandtex, Rialto, I Colori della Terra, Errelab floor resins, Estro, Hyrid, Idea Wall** and **We Are Color**.
